“When you listen to artists such as Ron Hamrick, you understand that there is still quality music around.” [Planet Singer Magazine, July 13, 2020]

Ron’s music connects with audiences, leading them to stick around and listen to the next song. In recent years, he has become a favorite performer at Virginia wineries and breweries. He is also an accomplished songwriter who has composed multiple hits during his long music career, earning him thousands of fans around the world.

Originally from Michigan, Ron has lived in Virginia for many years. He has been playing piano since he was five years old and wrote his first #1 hit song when he was eighteen. Since then, he has written numerous other hits and has performed at many prestigious venues, including the National Mall in Washington, DC, Grant Park in Chicago, and even the world-famous Cavern Club in Liverpool, England. Since 2017, he has been performing almost exclusively in Virginia except for occasional invitations to perform in other locations.

As an accomplished musician and a master of modern keyboard technology, Ron has written professional accompaniments to the songs he plays so it sounds as if a band or orchestra complete with guitars and drums is accompanying him when he performs. With an extensive repertoire, he plays a broad variety of crowd-pleasing songs when he performs, including requests from the audience. If he does not happen to know a request, he always promises he will know it by his next performance. Ron embraces the joy his music brings to people, and it is always his aim to touch the lives of people who listen to his music in a positive way.
